Dear Sir:

The Examiner indicated that claims 1-18 are allowed over the prior art. This recognition of allowable subject matter is acknowledged and appreciated.

However, while the applicants agree that the claims are allowable, the applicants do not concede that the claims are only allowable for the precise reasons stated by the Examiner.

**CERTIFICATE OF ELECTRONIC TRANSMISSION**

I hereby certify that this paper and/or fee is being transmitted to the USPTO by electronic transmission via EFS-Web on the date indicated below.

Furthermore, the applicants do not concede that the Examiner's statements are entirely accurate and precise. For example, with respect to the comments of the Examiner regarding "selecting between different types of filters", logical and averaging filters are examples. For instance, some embodiments might select between a logical filter and some other kind of non-logical filter.

Respectfully submitted,

Fay Sharpe LLP
